

EMPLOYERS

Visit Employer Services for additional information on posting open positions. New features for employers include:

- Automatic cross-posting — once you post your job with IHRIM, it is automatically sent to over 1,000 career Web sites
- Electronically submitted résumés — job seekers are given an option of applying online to your job. If they select this option, their résumé will be sent directly to you.
- Résumé Agent — searches for candidates automatically. Once you set up Résumé Agent, it will search the résumé database every hour. If a new résumé has been submitted that contains your Agent's criteria, it will be e-mailed to you.

JOB SEEKERS

Visit Job Search to search for employment opportunities in your field. New features for your job search convenience include:

- Searching for positions in your field by keyword, location or company.
- Posting and managing your résumé and send it electronically to any of the positions listed on Job Central.
- No charge to job seekers.
